

	AIR LIQUIDE ITALIA <i>Sistema di Gestione</i> Module Safe Work Permit	Riferimento: LI-MOD 25_en Revisione: 10 Data: 10/12/2025 Pagine: 2/2 Proprietà: BLLI
--	---	--

Sect. 2 ☐ **WORK EXECUTED BY INTERNAL AIR LIQUIDE** Copy : A ☐ B ☐
☐ **WORK EXECUTED BY EXTERNAL COMPANY:**

Safety measures and other instructions for work execution (2.A)

☐ App./Electrical cables under voltage	☐ Work Platform at Height (PP MOD 01) (mandatory for heights > 2 m)	☐ Excavation (PP MOD 01)	☐ Provide signage
☐ App./Electrical cables in proximity	☐ Platform	☐ PdL hot (PP MOD 01)	☐ Provide lighting
☐ App./Electrical cables not under voltage	☐ Scaffolding / Work Platform	☐ Welding	☐ Non-hazardous waste production
☐ Electrical PdL (ALI-MOD 120)	☐ Delivery/Acceptance of Scaffolding (LI-MOD 47)	☐ Cutting/grinding	☐ Hazardous waste production Waste
☐ DMCE (LI-MOD 26)		☐ Special flame-retardant clothing	☐ production to be characterised
☐ Dielectric gloves		☐ Check lifting plan	☐ Other:
☐ Dielectric helmet	☐ Fall arrest harness/belt	☐ Provide signs prohibiting manoeuvring	

Equipment used

☐ Toolbox	☐ Power drill	☐ Water nozzle in pressure	☐ Mobile crane	Other:
☐ Grindstone	☐ Drill held	☐ Pneumatic drill	☐ Vehicle	
☐ Pipe cutter	☐ Sandblaster	☐ Oxyacetylene torch	☐ Lift truck	
☐ Electrical welder	☐ Non-sparking tools	☐ Voltage security tools	☐ Motor-driven pump	
☐ Motor welder	☐ Bridge crane	☐ Equipment for chemical washes	☐ Gully sucker	
☐ Tackle	☐ Excavator	☐ Radiographic equipment	☐ Swab	
			☐ Motor-driven compressor	

Preparation of the work and precautions to be taken during execution

Specific risks of the activity and indication of the protection means provided

Name and signature of the Reg. Maint. Manager / Deputy Reg. Maint. Manager / Permit Issuer / Responsible Works AL for validation:
 I confirm that the work to be performed is indicated in Section 1 and that **no other activity will be performed without prior and additional written authorization**.
 I have read and fully understand the limitations imposed by this "Permit to Work" and the associated and/or attached documents.
 I undertake to provide compliant instructions to all personnel working under my control.
 Aware of the risks of the products and activities, the safety requirements, and the personal protective equipment required, I confirm that I have adequately informed the personnel working under my control and that I will implement appropriate control methods for the activity.

Work executed by external company		Work executed by internal Air Liquide
Name(s) & signature(s) of Company Responsible(s)/Supervisor(s)	Name(s) & Signature(s) of AL Works Delegate (acknowledged)	Name(s) & signature(s) of Responsible
Responsible 1: _____	Deputy 1: _____	Responsible 1: _____
Responsible 2 (backup): _____	Deputy 2 (backup): _____	Responsible 2 (backup): _____

Name and signature of Permit Issuer: _____

Sect. 3 CHECK SAFETY REGULATIONS	Module	N°	Date	Verifier
Enter the date and number of the form when checking the prescriptions				
Testing the adoption of safety prescription listed in section 1				
Declaration of actions on the electrical circuit	LI-MOD 26			
Electrical Permit Work	ALI-MOD 120			
Insulation of equipments, lines and machines LOTO/blinding	LI-MOD 71			
Do not manipulate: Tag-Out	LI-MOD 73			
Declaration of actions on Elements Important for Safety	LI-MOD 32			
Confined space entry permit	LI-MOD 52			
Delivery, check, acceptance scaffolding	LI-MOD 47			
Supplementary modules for hot / high-altitude / excavation work	PP-MOD 01			
Identification of potential risks caused by interferences	LI/XX-MODYY			

Sect. 4 FIRST AUTHORIZATION, RENEWALS AND SUSPENSION
 Having observed the correct application of actions required in sections 1, 2 and 3 and verified the complete compilation of the Daily work register by AL deputy, the execution of the specific work is permitted.

Date	from hours	to hours	Explosiveness time	Habitability time	Verifier	☐ Responsible for Company ☐ Responsible for AL

Sect. 5 END OF THE WORK PERMIT	Date:	Hour:
☐ 5.A - END OF VALIDITY OF THE WORK PERMIT (to complete the activities it is necessary to issue a new Work Permit)		
Name and signature of the Verifier:		
☐ 5.B - COMPLETION OF WORKS		
For completing the work and clearing the work area of waste material:		
Name and signature of the AL Work Executor / Deputy:		
After having verified the execution of the activities, it requests authorization to remove the 2.A prescriptions:		
Name and Signature of the AL Supervisor / AL Works Delegate:		
To authorize the removal of the safety measures adopted for the execution of the work and restore the initial conditions (excluding electrical and mechanical safety measures)		
Name and signature of the Permit Issuer:		
For consent to the recommissioning of the equipment/installation:		
Name and signature of the Verifier:
